

Lachlan Turner

Lachlan graduated with a Bachelors degree in Information Systems and was plunged into the world of Common Criteria as a graduate with Australia's Defence Signals Directorate... and hasn't been able to escape the CC since. A former member of the CC Maintenance Board Lachlan has performed security evaluation, certification and consulting roles in various parts of the world over the past seven years. Lachlan is the Security Assurance Adviser for DOMUS IT Security Lab where he provides specialist advice to vendors seeking better value from independent security programs and performs CC evaluations.
