

Robin Sharp

Robin Sharp has M.A. and Ph.D. degrees from the University of Cambridge, UK, and is currently at DTU Informatics at the Technical University of Denmark. He has worked in the area of distributed systems and computer security for more than thirty years and is the author of numerous papers in this area. He is the author of the book "Principles of Protocol Design", of which a new edition was published by Springer in 2008.

He is currently involved in major research projects on security in Grid computing, security awareness, and methods for systematic design of secure systems based on the use of the Common Criteria.
